How School Wide Positive Behaviour Support is Changing

Recently Tallarook Primary School underwent the School Review. As a part of this process the School Reviewer suggested some improvements for us to implement.

On advice from the School Reviewer we have revisited our School Values. After discussions by School Council, the Education Sub-Committee, Staff and Students it was decided to adopt a set of values which will apply to everyone in our school community. This includes students, staff, parents, visiting teachers and any adults spending time within the school.

The School Values along with a definition of each value and statements of what the values look like were decided by students during the last week of Term 3. It was also decided that the values would be displayed in 'hands', representing helping hands around our school.

Our New School Values Are...

Respect
Responsible

Fair Go

Personal Achievement

Caring
