Inquiry

In our Inquiry sessions this term, Grade 1 students will be learning about Community, and what it means to belong to the Tallarook Primary School Community. Key concepts are:

- Community
- Belonging
- Rights and Responsibilities
- Values
- Recognition
- Safety

We have been reading stories and watching videos on the theme of community, the consequences of behaviour, and friendship. When asked how they know that they belong to the school community, students were able to provide responses such as:

- When my friends smile at me I know that I belong.
- When I am included in games I feel like I belong.
- I wear my uniform.
- I care about the school.
- People help me when I’m hurt.
- I know and show the school values.

Over the course of the term, students will deepen their understanding of what it means to be part of the School Community, and work out how they wish to increase their involvement and level of responsibility. They will be creating a giant jigsaw, showing how they fit together to make up our class community, and making short videos to demonstrate their understanding of the key concepts.
